Director's Pick

Before the Fall

by Noah Hawley

"Utterly engrossing...practically made for the big screen."
—*Domino Magazine*

"[A] terrific thriller...an irresistible mystery.. a tale that's both an intriguing puzzle and a painful story of human loss."
—*Washington Post*

"Hawley's novel is a masterly blend of mystery, suspense, tragedy, and shameful media hype. When a corporate jet carrying 11 crashes into the ocean just 16 minutes into a nighttime flight from Martha's Vineyard to New York in August 2015, only two people survive—Scott Burroughs, a middle-aged former drunk and minor artist, and a four-year-old boy. Scott saves the boy, swimming to shore and into a frenzy of media-shaped hero worship, federal investigations of terrorism and criminal activity, and sudden media-driven accusations of financial exploitation. Hawley cleverly uses flashback chapters for each of the passengers to reveal that one victim was a wealthy mogul, head of a 24-hour cable news network that didn't just report the news, but proudly manufactured it; one victim was a Wall Street financier about to be indicted for money laundering; and the other victims, including an armed bodyguard, also had curious pasts. Scott's life is an escalating nightmare of media hounding and federal suspicion. His only salvation is a thoughtful, deliberate NTSB investigator who focuses on facts, not speculation. This is a gritty tale of a man overwhelmed by unwelcome notoriety, with a stunning, thoroughly satisfying conclusion."
—*Publishers Weekly* (starred review)

"A pulse-pounding story, grounded in humanity."

Hidden Gems: Adult Fiction

From Here to Eternity by James Jones

Diamond Head, Hawaii, 1941. Pvt. Robert E. Lee Prewitt is a champion welterweight and a fine bugler. But when he refuses to join the company's boxing team, he gets "the treatment" that may break him or kill him. First Sgt. Milton Anthony Warden knows how to soldier better than almost anyone, yet he's risking his career to have an affair with the commanding officer's wife. Both Warden and Prewitt are bound by a common bond: the Army is their heart and blood . . .and, possibly, their death.

In this magnificent but brutal classic of a soldier's life, James Jones portrays the courage, violence and passions of men and women who live by unspoken codes and with unutterable despair. . .in the most important American novel to come out of World War II, a masterpiece that captures as no other the honor and savagery of men.

— From the *Paperback edition*.

The Hitchhiker's Guide to the Galaxy by Douglas Adams

Seconds before the Earth is demolished to make way for a galactic freeway, Arthur Dent is plucked off the planet by his friend Ford Prefect, a researcher for the revised edition of *The Hitchhiker's Guide to the Galaxy* who, for the last fifteen years, has been posing as an out-of-work actor.

Together this dynamic pair begin a journey through space aided by quotes from *The Hitchhiker's Guide* ("A towel is about the most massively useful thing an interstellar hitchhiker can have") and a galaxy-full of fellow travelers: Zaphod Beeblebrox--the two-headed, three-armed ex-hippie and totally out-to-lunch president of the galaxy; Trillian, Zaphod's girlfriend (formerly Tricia McMillan), whom Arthur tried to pick up at a cocktail party once upon a time zone; Marvin, a paranoid, brilliant, and chronically depressed robot; Veet Voojagig, a former graduate student who is obsessed with the disappearance of all the ballpoint pens he bought over the years.

Where are these pens? Why are we born? Why do we die? Why do we spend so much time between wearing digital watches? For all the answers stick your thumb to the stars. And don't forget to bring a towel!

"[A] WHIMSICAL ODYSSEY...Characters frolic through the galaxy with infectious joy."
